# BRCGS Policy Statement

## PR-30 PRODUCT SAFETY & QUALITY

We are committed to providing our customers with products that consistently meets their Product Safety, Legal and Quality expectations by developing, implementing, and maintaining a Product Safety and Quality Management System which complies to BRC Global Standard for Packaging and Packaging Materials.

It is also our policy to protect our products, and therefore our customers, from all forms of intentional economically motivated adulteration. To identify the threats, we assess the susceptibility of our products to potential food defence acts and protect food contact products from intentional adulteration by biological, chemical, physical or radiological agents and also from un-intentional product contamination risks, minimise the risk of inadvertent or malicious damage or tampering to products under our control.

As an integral element of the Supply Chain, and commitment to continuously improving our product safety and quality Culture, we ensure effective communication on Product Safety, Legal, Authenticity and Quality matters with our key stakeholders including Identified Suppliers, Customers, Regulatory and Statutory bodies.

### OUR MISSION

To convert all users of PVC Food Wrap to the more environmentally friendly, cost effective, food safe and healthier alternative -Superthene.

### OUR VISION

To ensure that through teamwork, dedication, passion, and innovation we ensure our position as a profitable worldwide specialist supplier of Polyolefin food films against all non-safe or non-recyclable alternatives.
